education centers through the teaching of Jewish values. By focusing on values, the program goes beyond holidays and rituals to bring home the message that Jewish tradition is relevant every day, to every individual.

CATCH® Early Childhood (CEC) is designed to nurture a love of physical activity, provide an introduction to classroom-based gardening and nutrition, and encourage healthy eating in children ages 3-5. CEC provides an environment where physical activity, health education, gardening and healthy eating behaviors are valued and taught.
